SCHEDULE FOR THE PUBLICATION OF NATIONAL STATISTICS APRIL 2007 TO MARCH 2008

INTRODUCTION

This Statistical First Release announces the planned schedule for the publication of statistics by DfES for the period April 2007 to March 2008.

This forms part of the arrangements set out in the Department's Compliance Statement with the National Statistics Code of Practice: Release Practices Protocol

<http://www.dfes.gov.uk/rsgateway/compliance06.pdf>

KEY POINTS

The schedule lists the statistical publications (First Releases, Bulletins and Volumes) to be published in each of the next six months and provides a provisional programme for the following six months, except in the case of SFRs with fixed days for publication which are already identified in this SFR. The next schedule is due to be announced in a Statistical First Release in September 2007. The date of issue for each publication will be announced towards the end of the previous month in the monthly Press Release Calendar, published by Office for National Statistics.

<http://www.statistics.gov.uk/ReleaseCalendar/currentreleases.asp>

Where it proves necessary to change the pre-announced date of any publication (i.e. the day/month in the fixed part of the year ahead schedule or the actual dates for the calendar month ahead), an explanation will be provided in the ONS Press Release Calendar and on the DfES website. An explanation will be provided as far in advance of the expected date of publication as possible.

Statistical First Releases (SFRs) are released at 09.30 and are made available to all users at that time.

The following statistical publications will be issued in the six months April 2007 to September 2007.
